Enterprise Community Federal Credit Union is a new entity which provides affordable financial services and access to credit to residents of the Las Vegas area's Southern Nevada Enterprise Community, many of whose residents have experienced a lack of access to credit from conventional sources. Enterprise Community FCU's strategy is to help revitalize this area with emphasis on small business lending. CDFI Fund technical assistance will enable Enterprise Community FCU to purchase a new computer system and small business lending software and hire consultants to help implement small business lending products.
